PORTFOLIOPLUS

The Managed Account Advantage for Public Sector Employees

PortfolioPlus is a professional money management service specifically designed for public sector retirement plans. Through our tactical approach to asset allocation and investment due diligence, we strive to increase return while managing risk.

Most retirement savings plans offer many investment options – frequently 30 or 40 choices. Individual investors are given a list of options and told to make important investment decisions by themselves. And investors are left to wonder: What’s a good investment? How many choices do I need? When should I make changes to my portfolio? Should I be in or out of the market?

At Retirement Plan Advisors, the answer to these questions is *PortfolioPlus*.

WHY PORTFOLIOPLUS?

With *PortfolioPlus*, you delegate the ongoing responsibility of managing your retirement account to RPA’s investment professionals. You no longer need to research individual investments, monitor the markets or decide what changes to make to your account. We do it for you.

HOW DOES IT WORK?

RPA’s advisors work with you to determine your investor profile. Based on an assessment of your personal situation including your investment experience, risk tolerance, time horizon and investment objectives, we develop an initial asset allocation including specific fund recommendations. Then our investment team takes over.

RPA’s investment professionals monitor changing market conditions and trends. We also review the investment options in your plan on an ongoing basis, ensuring you are in the right funds at the right times. When appropriate, we adjust your portfolio’s asset allocation and underlying holdings to reduce risk, increase return or both.

CAN I LOSE MONEY?

Yes. By definition, market-based investments fluctuate with changing markets. While your *PortfolioPlus* account may lose value in the short term, RPA’s risk management strategies are designed to limit those losses to reasonable levels.

HOW MUCH DOES IT COST?

Fees are plan specific and fully disclosed during the enrollment process. Charges include an asset management fee of 1.00% and an annual account maintenance fee of \$15. Fees are billed quarterly and deducted automatically from your account.

THE RPA SERVICE MODEL

The Future is Better Than You Think

We believe a great retirement plan provides services which allow participants to access their plan in the way most comfortable for them. Our decades of public sector experience have taught us that investors generally fall into three categories: Do It Myself, Help Me Do It, and Do It For Me. Our service model addresses the needs of all three types of investors.

DO IT MYSELF

RPA provides the Do-It-Yourselfer with the tools needed to build a portfolio and manage their investments.

- Investment menus covering a broad range of asset classes
- Investment performance reports
- Fund fact sheets
- Online planning tools
- 24/7 toll free number and Internet access

Of course, they still have access to their RPA financial advisor just in case they have questions!

HELP ME DO IT

For those participants who want or need help, we provide:

- On-site service visits, including group and individual meetings
- Individual retirement counseling
- Investment recommendations

In this model, while we offer help and advice, the participant ultimately makes the decisions and is responsible for the ongoing monitoring and trading of their investments.

DO IT FOR ME

More and more participants are asking, “Can you just do this for me?”, and the answer is YES! Retirement Plan Advisors’ Portfolio*Plus* program is an optional, fee-based managed account service specifically designed for public sector retirement plans. Participants delegate the ongoing responsibility of managing their retirement account to RPA’s investment professionals. With Portfolio*Plus*, RPA:

- Identifies your risk tolerance
- Recommends a portfolio
- Selects your investment options
- Provides ongoing active account management to respond to market opportunities while managing portfolio risk
